RE: Advice Letter No. 14-05
Docket No. 14-035-T06, "In the Matter of Rocky Mountain Power's Proposed Revisions to Electric Service Schedule No. 135, Net Metering Service."

Dear Mr. Taylor:

On May 28, 2014, pursuant to the Commission's February 12, 2009, Report and Order (Order) in Docket No. 08-035-78, "In the Matter of the Consideration of Changes to Rocky Mountain Power's Schedule No. 135 - Net Metering Service," Rocky Mountain Power filed proposed revisions to Schedule No. 135, "Net Metering Service" tariff page 135.4 and a supporting Exhibit 1. The revised tariff page contains Rocky Mountain Power's proposed updated rates applicable to large non-residential customers who select the FERC Form No. 1 compensation method to receive credit for net excess generation. The proposed rates represent a 4.9 percent increase for Schedule No. 6, a 4.0 percent increase for Schedule No. 6A, a 5.4 percent increase for Schedule No. 6B, a 5.8 percent increase for Schedule No. 8, and a 7.3 percent increase for Schedule No. 10.

On June 12, 2014, the Division of Public Utilities (Division) filed a memorandum indicating it had reviewed the proposed tariff page modifications for Schedule No. 135, as well as the accompanying Exhibit 1 which contains the calculation of average retail rate credit prices for large non-residential customers. The Division recommends the Commission approve the proposed tariff page revisions as they comply with the above-referenced Order.

Docket No. 14-035-T06

Page 2

The Commission has reviewed the revised Schedule No. 135 tariff page 135.4, Exhibit 1 presenting data for the 12 months ending December 31, 2013, and the Division's memo. Rocky Mountain Power's revisions to Schedule No. 135 are approved by the Commission with an effective date of July 1, 2014.

Sincerely,

/s/ Gary L. Widerburg
Commission Secretary
