RE: Garkane Energy Cooperative's Rural Electric Coop Tariff Filing (Schedule SC and Line Extension Policy 206 with Correct effective dates)

Utah Public Service Commission PSC Representative:

We received the Public Service Commissions notice (see attached) regarding Docket No. 15-028-T01 detailing that the PSC had received Garkane Energy's Change of Rates, but was requesting a copy of the updated Tariff sheets with the correct effective date.

As per the request of the Commission, we have attached the original Garkane Energy Cooperative's Schedule SC (Impact Fees and Service Charges) and a copy of Garkane's recently approved Line Extension Policy (Policy 206) for the Commission's File (with the correct effective dates, as of January 26, 2015).

As per the PSC Filing Requirements, we have also mailed the original schedule and line extension policy (with the correct effective dates, as of January 26, 2015), plus 2 copies. The attached electronic copy is in MS Word format (this information was also emailed to: psc@utah.gov).

If you require further information on this schedule or the line extension policy, please contact us at the number listed below.

Sincerely,

A handwritten signature in black ink that reads "Marcus V. Lewis".
