I'm writing to express my concern that PacifiCorp's latest resource plan would continue investments in aging coal plants, putting ratepayers on the hook for as much as 1.3 billion dollars over the next decade to prolong the lives of over a dozen coal plants.

There is widespread public support for investing in wind and solar. Wind is the cheapest form of electricity generation and utility scale solar projects are competitive with fossil fuels and becoming steadily cheaper each year.

Please reject PacifiCorp's preferred portfolio which tethers Utah's to coal for the next two decades and locks ratepayers into a billion dollars in coal costs. Instead, please demand that PacifiCorp come up with a new plan that takes advantage of our state's bountiful renewable resources and decreases our reliance on risky coal.

We agree with the above statements and.....

MY HUSBAND AND I ARE VERY CONCERNED THAT WE HAVE HAD SO MANY RESPIRATORY ILLNESSES AND SO MANY FRIENDS AND FAMILIES ARE SUFFERING FROM RESPIRATORY AILMENTS. AND WE ARE HORRIFIED THAT WE HAVE BEEN DONATING \$15 A MONTH TO ROCKY MTN. SO THEY CAN DEVELOP WIND ENERGY, AND YET THE MONEY IS BEING SPENT ON COAL ENERGY!!!!!!!

DOES ROCKY MTN HEAR THE PEOPLE OR ARE THEY CONTINUING DEVELOPING COAL ENERGY TO MEET THE NEEDS OF A FEW PEOPLE'S POCKETS? WHAT IS GOING ON???? DO YOU HEAR ALL OF THE PEOPLE WHO ARE SICK AND WILL BECOME SICK FROM COAL ENERGY? YES, THE MOUNTAINS WILL SURVIVE, BUT WILL THE PEOPLE WHO SO LOVE LIVING IN THIS AREA SURVIVE THIS ONSLAUGHT OF TOXIC AIR???????????????
