Commission Secretary

**RE: Docket No. 15-035-22 –R746-200-7(G)(1) Comments**

Rocky Mountain Power supports the efforts of the Public Service Commission of Utah to amend the rule to expand the initial notification of pending disconnection of service to include email delivery.

Online services are expanding and email is one of several methods of communication requested by our customers. Customers can reduce the amount of mail and receive information about their bills through their preferred communication channel. The Company reduces the pieces of mail sent out each day.

Rocky Mountain Power supports the changes and appreciates the flexibility of the Commission to update R746-200-7(G)(I) to align customer choice.

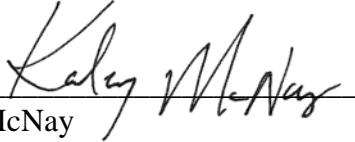

Sincerely,

Melissa Nottingham  
Manager, Customer Advocacy and Tariff Policy
