In the Matter of the Application of Rocky Mountain Power for Approval of its Subscriber Solar Program (Schedule 73)

DOCKET NO. 15-035-61

NOTICE

ISSUED: September 23, 2015

The Commission provides the following clarification regarding the post-hearing exhibit(s) requested by the Commission's designated Presiding Officer during the September 23, 2015 hearing in this docket.

In its responsive comments filed in this docket on August 27, 2015, PacifiCorp provided confidential Attachment 4, "Subscriber Solar Program Regulatory Accounting Overview (Residential Class)" that provided a high level understanding of the proposed accounting treatment for the solar subscriber program.

The Commission requests PacifiCorp and the stipulating parties file a post-hearing exhibit(s) identifying the accounts/subaccounts affected by the solar subscriber program, and detailing the changes that will be made in PacifiCorp's models for 1) financial reporting, 2) general rate cases, and 3) energy balancing account (EBA) proceedings, to reflect the solar subscriber program's costs and revenues. These models include the Jurisdictional Allocation Model (JAM), the net power cost model (GRID), and the unbundled class cost of service model. The Commission further requests PacifiCorp to discuss the source for each data entry. The Commission requests the post-hearing exhibit(s) be filed not later than **Wednesday, October 7, 2015**.
