Re: Docket No. 08-999-05
2015 Smart Grid Monitoring Report

In its November 30, 2011 Report and Order in the above referenced docket the Commission directed Rocky Mountain Power to file an annual Report on Smart Grid Technology in July each year. In compliance with that order, Rocky Mountain Power hereby submits its 2015 Smart Grid Annual Report and confidential Appendix A. The Company will also provide an electronic version of this filing to psc@utah.gov. A Confidential CD containing the confidential material will also be provided.

Included in the report are two appendices, the first of which defines common industry abbreviations and a second which discusses smart grid projects at other companies. Also included is the confidential Attachment A, the financial summary.

Attachment A to the 2015 Annual Smart Grid Report contains information that is commercially sensitive to Rocky Mountain Power and is confidential. Accordingly, Rocky Mountain Power is filing the confidential documents under seal pursuant to R746-100-16, and requests that the Commission require any party who wishes to view these documents execute a Confidential Information Certificate.

It is respectfully requested that all formal correspondence and staff requests regarding this matter be addressed to:
