Dear Commissioners:

Pursuant to Utah Code Ann. § 54-17-502(2)(e) and/or § 54-17-502(6)(b), Rocky Mountain Power hereby advises the Public Service Commission of Utah that Rocky Mountain Power reasonably anticipates that it will acquire at least two renewable resources during the year 2016. Pursuant to ORS 757.370, the Oregon Photovoltaic Capacity Standard, the Company reasonably expects to acquire a small solar project that would come into service during 2016. If acquired, the size of the solar resource is anticipated to be two megawatts or less. In addition, the Company reasonably expects to acquire a solar project described in and pursuant to its application for approval of its proposed subscriber solar program in Docket No. 15-035-61.

Please feel free to direct any inquiries regarding this matter to Bob Lively, at 801.220.4052, or, myself at the number indicated above.

Sincerely,

Yvonne R. Hogle
