Re: In the Matter of a Request for Agency Action to Review the Carrying Charges Applied to Various Rocky Mountain Power Account Balances – Docket No. 15-035-69

Dear Mr. Lively,

The Commission reviewed the proposed modifications to Sheet Nos. 70.4, 72.4, and 300.2 of Electric Service Schedule Nos. 70, 72, and 300, respectively, and Sheet No. 8R.5 of Electric Service Regulation No. 8, transmitted with your cover letter dated February 8, 2016. The Commission also reviewed the Division of Public Utilities' (Division) February 16, 2016 action request response.

The Division explains that revisions to interest rate language in Schedules 70, 72, and Regulation No. 8 include the addition of a reference to the interest rate identified in Schedule 300. In addition, the Division concludes that the interest rate of 4.445 percent, presented in Schedule No. 300 under the category 9R.4, was correctly calculated pursuant to the Commission's January 20, 2016 Order in Docket No. 15-035-69. The Division recommends the Commission approve the proposed modifications to Schedule Nos. 70, 72, and 300 and Electric Service Regulation No. 8 as filed.

Based on our review and the Division's recommendation, the Commission approves the proposed modifications to Sheet Nos. 70.4, 72.4, 300.2, and 8R.5, as filed, with an effective date of March 1, 2016.

Sincerely,

/s/ Gary L. Widerburg
