Mr. Ciachurski:

Your filing does not comply with the rules applicable to the process for filing a document with the Commission or the rules governing the required form of pleadings. Please refer to Utah Administrative Code R746-100-4 and the Commission's website at <http://www.psc.utah.gov/filingrequirements.html> for instructions concerning how to properly submit your filing. You can find the administrative rules applicable to Commission filings at <http://www.rules.utah.gov/publicat/code/r746/r746.htm>. The rules governing the form of pleadings are enumerated in R746-100-3.

Additionally, 17 of the 20 pages of the attachment to your email are designated "confidential" at the bottom of the page. The Commission's rules contain requirements for filing materials that a party claims to be confidential, which are found in R746-100-16. Your filing does not comply. If you elect to resubmit your filing and claim confidential status for any portion of it under the Commission's rules, please comply with the requirements in the rule.

Please also note the rules require parties to attempt to resolve any complaint first with the utility and then with the Division of Public Utilities before submitting a complaint to the Commission. If you elect to resubmit your filing in the form of a complaint, please specify if and how you or the party on whose behalf you are filing have complied with this requirement.

We have opened a docket to process your filing and will post your email (without the attachment that you have designated confidential) and this response to the Commission's website. The docket will otherwise be suspended until you have submitted a request for agency action, complaint or other request for relief that complies with the Commission's rules and minimum pleading requirements.

Thank you.

Hello Mr. White,

This email serves as our formal notice of complaint and request for agency action against PacifiCorp and its officers and directors regarding the Blue Mountain wind project located in San Juan County, Utah.

The attached is self-explanatory and we have a very detailed evidentiary filing we will present once a formal hearing date is arranged by the Commission.

Please call or email with any questions.
