RE: Latigo Wind Park, LLC / LGIQ0384 – Complete Application Acknowledgement

Dear Mr. O'Reilly:

PacifiCorp acknowledges receipt April 25, 2011, of Latigo Wind Park, LLC ("Interconnection Customer") completed site control submission, which completes its original request application, submitted March 30, 2011, for the proposed interconnection of Interconnection Customer's 59.2 MWs Large Generating Facility to be interconnected with Pinto substation at 138kV pursuant to PacifiCorp's Standard Large Generator Interconnection Procedures, Part 4 of PacifiCorp's Open Access Transmission Tariff, Federal Energy Regulatory Commission Electric Tariff, Volume No. 11 ("Interconnection Procedures").

Interconnection Customer's application for interconnection is hereby deemed complete. Pursuant to Section 38.3.2 and 38.3.3 of the Interconnection Procedures, enclosed is a copy of your application and an example of PacifiCorp's standard form Interconnection Feasibility Study Agreement. PacifiCorp will be contacting Interconnection Customer to make arrangements for a Scoping Meeting pursuant to Section 38.3.4 of the Interconnection Procedures.

Please be aware that based on our experience with actual interconnection projects, it may be unlikely that your project will be able to meet your requested In-Service Date of December 31, 2012. Based upon historical averages, the study process that PacifiCorp undertakes to evaluate the possible impacts of interconnecting your proposed generation facility takes approximately 12 months. Construction, if required, may take an additional 18 months or more depending upon the specific requirements associated with your project.

Each project is unique, and the individual requirements associated with your project may require more or less time to interconnect your proposed generation facility and as stated, the proposed December 2012 date is not compatible with these averages. **Please submit a revised In-Service date that is consistent with these averages or contact your account manager, Tom Fishback, at 503-813-6102.**

If you have any questions, please contact me at (503) 813-6102.

Sincerely,

Tom Fishback
PacifiCorp
Account Manager
