

EBA Filing Requirement 4

Please provide the spread of the energy balancing account (EBA) balance in EBA Filing Requirement 3(a) to classes using information contained in EBA Filing Requirement 2(g).

Response to EBA Filing Requirement 4

Note: the Deferral Period for the 2016 Energy Balancing Account (EBA) is January 1, 2015 through December 31, 2015 (2016 EBA).

The data provided in the Company's response to EBA Filing Requirement 3, subpart (a) cannot be spread as requested, since actual test period composite net power cost (NPC) allocation detail has not been prepared and is not used in this filing. Consistent with the order in the prior general rate case (GRC), Docket 13-035-184, this filing uses the NPC Allocators agreed to the settlement stipulation in that proceeding. Please refer to the Company's response to EBA Filing Requirement 2, subpart (g).
