Re: Docket No. 16-035-14, Rocky Mountain Power's 2015 Annual Report of the Blue Sky Program; Review and Audit of PacifiCorp's 2015 Blue Sky Program.

Dear Mr. Parker,

The Commission reviewed the Division of Public Utilities' ("Division") memorandum and Audit Report of PacifiCorp's, dba Rocky Mountain Power, 2015 Blue Sky Program ("Program") filed on October 11, 2016. The Division states the intent of the audit was to review the revenues and expenses of the Program as reported by PacifiCorp for the year ending December 2015. In addition, the Division tested the Program's compliance with Commission orders, with Electric Service Schedule Nos. 70, Renewable Energy Rider – Optional and 72, Renewable Energy Rider – Optional, Bulk Purchase Option.

The Division concludes PacifiCorp is in general compliance with the rules and regulations set forth by the Commission. According to the Division it appears the Program follows good business practices and PacifiCorp is using accounting and controls that are adequate and practical.

The Commission supports the Division's efforts to audit PacifiCorp's Program to ensure it is operated in compliance with regulatory and reporting requirements and appreciates the Division's communication in this matter.

Sincerely,

/s/ Gary L. Widerburg
