Re: **Compliance Filing**
In the Matter of Rocky Mountain Power's Demand-Side Management 2015 Annual
Energy Efficiency and Peak Load Reduction Report
Docket No. 16-035-17

On July 6, 2016, Rocky Mountain Power (the “Company”) submitted Reply Comments in the above referenced matter. The Company agreed in its Reply Comments to provide supplemental information, if feasible, regarding program participation and measure data, similar to what was provided in previous annual reports.

Accordingly, attached hereto is Exhibit A, which provides the total number of customer participants^{1,2} by measure category for the Home Energy Savings and wattsmart Business programs, and the total number of customer participants by sector for the wattsmart Business Program. This type of information will be included in future annual reports, if feasible.

Information of this type for the See ya later, refrigerator®, Low Income Weatherization, and New Homes programs was included in the Company’s 2015 Annual Report and is thus not included in Exhibit A.

Informal inquiries regarding this filing may be directed to me at (801) 220-4214.

Sincerely,

Michael S. Snow
Manager, DSM Regulatory Affairs

cc: Division of Public Utilities
Office of Consumer Services
Utah Clean Energy

¹ Customer data is not collected for buy down measures through the upstream delivery channel.

² The total number of projects provided in the Company’s 2015 Annual Report may not match the total number of customer participants due to customers participating in multiple projects.
