RE: **Docket No. 16-035-27 - In the Matter of the Application of Rocky Mountain Power for Approval of a Renewable Energy Services Contract between Rocky Mountain Power and Facebook, Inc. Pursuant to Tariff Electric Service Schedule 34**  
*Rocky Mountain Power's Compliance Report*

Rocky Mountain Power (the "Company") hereby submits for filing its first compliance report ("Report") in accordance with the Order Memorializing Bench Ruling Approving Renewable Energy Service Contract with Facebook, Inc. issued by the Commission in Docket No. 16-035-27 on August 29, 2016 ("Order").

**Background**

On June 21, 2016, the Company filed for approval of a renewable energy service contract under Electric Service Schedule No. 34 – Renewable Energy Purchases for Qualified Customers 5000kW and Over with Meta Platforms, Inc.<sup>1</sup> In the confidential rebuttal testimony of Company witness Paul H. Clements, the Company agreed to certain reporting requirements to address recommendations made by the Office of Consumer Services ("OCS"). In the Order, the Commission approved the renewable energy services contract and noted the reporting requirements. The Company agreed to provide the first report as soon as practicable following the second full year of collection of data after the customer took initial service under the contract. More recently, in Docket 22-035-30, the timing of the first report was more firmly established in an Update to Rocky Mountain Power's Reply Comments, filed with the Commission on September 13, 2022, that stated the first report would be filed by the end of the second quarter of 2023. The reporting is required every other year for a period of six years for three reports in total. The subsequent reports will be filed on or before June 30, 2025 and June 30, 2027.

Accordingly, the Company files the first Report containing the information enumerated in Mr. Clements' rebuttal testimony for calendar year 2022. A detailed list of the required information is provided in the attached Confidential File Index. The Report contains sensitive customer-specific information that is highly confidential. Pursuant to Commission Rule R746-1-601(2)(a),

certain information has been labeled highly confidential and will be provided to the Commission and its staff, the Division of Public Utilities (“Division”), the Office of Consumer Services (“Office”), and those listed within R741-1-602 that may be involved in this proceeding. The Company contacted the Division and the Office regarding the highly confidential protections and is unaware of any objections. Confidential and highly confidential information is provided subject to Commission Rule R746-1-601-606.

The Company notes the required information was established in 2016 based off the RESC, which has been amended<sup>2</sup> since that time. As with other ongoing reports, the Company recognizes that modifications to the reporting requirements may be necessary to reflect the current contract and mechanics of the RESC. The Company is committed to providing information to help the Commission, Division of Public Utilities and the OCS review the various components of the RESC.
