Re: Docket No. 16-035-33, *In the Matter of the Application of the Energy Services Agreement with Kennecott Utah Copper, LLC*

Dear Commissioners:

Pursuant to the Division of Public Utilities' (Division) request that the Commission be informed of the Company's receipt of an updated notice from Kennecott Utah Copper, LLC (Kennecott), the purpose of this letter is to inform you that on August 5, 2016, Rocky Mountain Power received a letter from Kennecott changing the intended transfer date of service the Company initially received pursuant to Utah Code Ann. § 54-3-32. At the scheduling conference in this docket, the Division noted for the record that its consent to the agreed upon schedule was contingent on Kennecott timely amending the anticipated transfer date of its previously noticed intention to transfer to a nonutility energy supplier. The Presiding Officer noted the Division's contingent agreement and requested the parties timely notify the Commission in the event any problem arises that requires revisiting the established schedule.

Please direct any questions related to this notification to Bob Lively, at 801.220.4052

Sincerely,

A handwritten signature in blue ink that reads "Yvonne R. Hogle".
