Re: *In the Matter of the Application of Rocky Mountain Power to Implement Programs Authorized by the Sustainable Transportation and Energy Plan ("STEP") Act; Docket No. 16-035-36*

Dear Mr. Lively:

The Public Service Commission ("PSC") reviewed the July 10, 2017 compliance filing by PacifiCorp, doing business as Rocky Mountain Power (PacifiCorp), updating Schedule Nos. 121, "Plug-in Electric Vehicle Load Research Study Program-Temporary," and 2E, "Residential Service - Electric Vehicle Time-of-Use Pilot Option-Temporary" to reflect the PSC's decision in the June 28, 2017 order in this docket. PacifiCorp's proposed revisions to these schedules include new language informing customers that the rates being offered in these schedules are part of a temporary pilot program for consumer research purposes and are subject to change. PacifiCorp's compliance filing also proposes modifications to its P.S.C.U. No. 50 Tariff Sheet Nos. B, B.1, 80, 91, 94.10, 98, 193.2 and 196.2 needed as a result of the approval of Schedule Nos. 121 and 2E. PacifiCorp requests an effective date of July 20, 2017 for these tariff changes.

The PSC also reviewed the Division of Public Utilities' (DPU) July 17, 2017 action request response. The DPU concluded that the filing accurately implements the PSC's June 28, 2017 order in this docket and recommends the PSC approve PacifiCorp's compliance filing.
