Re: *In the Matter of the Application of Rocky Mountain Power to Implement Programs Authorized by the Sustainable Transportation and Energy Plan (STEP) Act; Docket No. 16-035-36*

Dear Ms. Saba:

The Public Service Commission (PSC) reviewed Rocky Mountain Power's (RMP) April 16, 2020 compliance filing ("Filing"), as corrected on April 17, 2020, of an agreement related to the STEP Battery Demand Response Program approved in the PSC's June 28, 2019 Report and Order ("Order"). The PSC also reviewed the action request response filed by the Division of Public Utilities (DPU) on April 28, 2020.

DPU recommends the PSC acknowledge the Filing. DPU states that the indemnity language in the agreement conforms with the PSC's Order. DPU points out that while the agreement's indemnity clause is with Soleil Solar, LLC, rather than Wasatch Development as stated in the Order, the language in the agreement is consistent with the intent of the Order.

Based on the PSC's review of the Filing and DPU's comments and recommendation, the PSC acknowledges that the Filing complies with the PSC's Order.

Sincerely,

/s/ Gary L. Widerburg
PSC Secretary
