Re: Advice No. 16-08
Schedule 34, Renewable Energy Tariff

Enclosed for filing are an original and five copies of proposed tariff sheets associated with Tariff P.S.C.U No. 50 of PacifiCorp, d.b.a. Rocky Mountain Power, applicable to electric service in the State of Utah. Pursuant to the requirement of Rule R746-405D, Rocky Mountain Power (the "Company") states that the proposed tariff sheets do not constitute a violation of state law or Commission rule. The Company will also provide an electronic version of this filing to psc@utah.gov. The Company respectfully requests an effective date of August 31, 2016, for the new tariff.

Fifth Revision of Sheet No. B		Electric Service Schedules Index
Original Sheet No. 34.1	Schedule 34	Renewable Energy Tariff
Original Sheet No. 34.2	Schedule 34	Renewable Energy Tariff
Original Sheet No. 34.3	Schedule 34	Renewable Energy Tariff

In this filing the Company proposes to implement a new tariff option, Schedule 34, Renewable Energy Tariff, to provide qualifying customers an option to contract with the Company to have renewable energy purchased on their behalf. This option is proposed consistent with recently enacted U.C.A. § 54-17-806 in the Sustainable Transportation and Energy Plan legislation. This law grants the Commission the authority to approve this renewable energy tariff if the Commission determines that it is reasonable and in the public interest. In support of this filing, attached is the direct testimony of Joelle R. Steward. Ms. Steward's testimony explains how Schedule 34 is reasonable in the public interest and provides an overview of the specific features in the proposed tariff.

It is respectfully requested that all formal correspondence and Staff requests regarding this matter be addressed to:
