**RE: Docket No. 16-035-T09**  
**In the Matter of Rocky Mountain Power's Proposed Electric Service**  
**Schedule No. 34, Renewable Energy Tariff**  
*Comments*

On August 10, 2018 the Public Service Commission of Utah ("Commission") issued a scheduling order requesting comments on the Division of Public Utilities' ("Division") August 1, 2018 request with the Commission to establish a process to amend Rocky Mountain Power's ("Company") Schedule No. 34 – Renewable Energy Purchases for Qualified Customers – 5,000 kW and Over ("Schedule 34"). Consistent with the scheduling order, the Company submits comments below.

***Comments on the Division's Filing***

In compliance with the settlement stipulation in Docket No. 16-035-T09, the Division filed a report to the Commission presenting changes to Schedule 34 along with a brief explanation for each of the changes. As noted by the Division, the Company supports these changes and requests approval. The changes provide greater clarity on expectations for Commission review of contracts submitted for approval under Schedule 34. The revision to the language on administration fees provides flexibility for the Company to develop tailored administration of contracts and associated costs to each contract while ensuring the charges remain cost-based.

Informal inquiries may be directed to Jana Saba, Regulatory Manager, at (801) 220-2823.

Sincerely,

Joelle Steward  
Vice President, Regulation
