Re: **RMP Advice No. 16-09, Proposed changes to Schedule 114 – Cool Keeper Program**

Docket No. 16-035-T10

RECOMMENDATION

The Division of Public Utilities (Division) recommends that the Public Service Commission (Commission) approve Rocky Mountain Power's (RMP or Company) revised tariff sheets reflecting an updated effective date of December 1, 2016.

ISSUE

On July 26, 2016, the Company filed modified tariff pages to Utah Tariff Schedule 114 Cool Keeper Program proposing changes to the program. On August 4, 2016, per PacifiCorp's Request for Revised Effective Date and Extended Comment Period, the Commission granted the Company's revised effective date of December 1, 2016. The Division and the Office of Consumer Services (Office) recommended approval of the tariff changes on September 26, 2016 and September 30, 2016 respectively. On November 3, 2016, the Company provided revised tariff pages 114.1 and 114.2 reflecting the December 1, 2016 effective date. On November 8,

2016, the Company filed corrected revised tariff page 114.1 to reflect the inadvertent omission of Schedule 31. On November 8, 2016, the Commission issued a revised Action Request to investigate the proposed changes to the schedule and report its findings to the Commission by November 14, 2016. This memorandum represents the Division's response to the Commission's Action Request.

DISCUSSION AND CONCLUSION

The Division has reviewed the Company's corrected revised tariff page 114.2 as filed on November 4, 2016 and revised tariff page 114.1 filed on November 8, 2016, and recommends the Commission approve these modifications to Electric Service Schedule 114.
