Re: *Advice No. 16-15, In the Matter of Rocky Mountain Power's Proposed Revisions to Schedule No. 107, Solar Incentive Program; Docket No. 16-035-T16*

Dear Mr. Lively:

The Public Service Commission of Utah (PSC) reviewed the December 21, 2016 filing by PacifiCorp, dba Rocky Mountain Power, of proposed revisions to Sheet No. 107.6 (Schedule 107) of its P.S.C.U. Tariff No. 50 (Tariff). The proposed Tariff revision consists of the deletion of Special Condition 8 in its entirety, pursuant to a stipulation approved in Docket No. 16-035-21. PacifiCorp requests the Tariff take effect on December 30, 2016.

The PSC also reviewed the December 28, 2016 recommendation of the Division of Public Utilities (DPU) to approve the Tariff. The DPU concluded the filing is compliant with the PSC's bench ruling in Docket No. 16-035-21 and that it does not violate any applicable statutes or rules.

Based on the PSC's review of PacifiCorp's filing, the comments of the DPU, the approval of the stipulation in Docket No. 16-035-21, and the lack of opposition in this docket, the PSC approves the modifications to Tariff Schedule 107, effective December 30, 2016.

Sincerely,

/s/ Gary L. Widerburg
