Re: Docket No. 17-035-15 PacifiCorp's Results of Operations Report for the Twelve Months Ended December 31, 2016. In the Matter of PacifiCorp's Results of Operations Report for the Utah Jurisdiction for the Twelve Months Ended December 31, 2016.

On April 28, 2017, Rocky Mountain Power ("Company") filed with the Commission its December 2016 Results of Operations and a confidential Wind Resources Report for the twelve months ended December 31, 2016. The wind report was provided in compliance with the Commission's final order in Docket No. 07-035-93. On May 3, 2017, the Commission issued an Action Request to the Division requesting a review of the filing and to make recommendations. The Commission asked the Division to report back by June 2, 2017.

On May 10, 2017, the Commission issued a Supplemental Action Request requesting an explanation and a statement of issues outline. This request included a report date of June 2, 2017.

Upon initial review of the filing, the Division has determined that the review will require requests for information from the Company and the preparation of DPU in-house modeling of spreadsheets and review procedures. In past reviews of annual semi-annual filings by the

Division, it has found that such requests of the Company and the work to process the requests, perform its in-house modeling, and write its response to the Action Requests have taken three to four months. Therefore, the Division is hereby requesting that the Commission extend the due date of the Division's response to the original and supplemental action requests to September 15, 2017. This will allow the Division adequate time to make the proper review and recommendations.
