ISSUED: June 12, 2018

In this docket, PacifiCorp dba Rocky Mountain Power (“PacifiCorp”) seeks approval of a significant energy resource decision under Utah Code Ann. § 54-17-302 and (voluntary) approval of a resource decision pursuant to Utah Code Ann. § 54-17-402. The statutes contemplate the Public Service Commission (“PSC”) will approve or disapprove these requests within 120 and 180 days, respectively, unless the PSC determines additional time to analyze the decisions are warranted and in the public interest.

PacifiCorp’s proposed projects have evolved since its initial filing. Assuming the significant project changes PacifiCorp proposed in its supplemental filing dated February 16, 2018 triggered the statutory clock, 120 days will elapse on June 16, 2018. However, the four-day hearing in this docket only concluded on June 1, 2018, and the lengthy transcripts have only recently been finalized. The PSC is endeavoring to review the evidence and present its findings and conclusions as expeditiously as possible. The PSC also appreciates the expense and significance of these proposed investments and finds it is warranted and in the public interest to take additional time for their analysis.

The PSC gives notice of its intention to issue its order in this docket on or before June 25, 2018.
