Re: **Recommendation – Change Points of Contact, Docket No. 17-035-61** – In the Matter of the Application of Rocky Mountain Power to Establish Export Credits for Customer Generated Electricity.

Recommendation (Change Points of Contact)

The Division of Public Utilities (“Division”) does not oppose the technical assistance request made by Utah Clean Energy, Vote Solar, Vivint Solar, the Utah Solar Energy Association, and Auric Solar in their February 20, 2019 Joint Reply to the Utah Public Service Commission’s Order issued on January 25, 2019. The Division requests that the parties correct the “*Points of Contact*” section for the Division contact to read: Bob Davis, Utility Analyst with the Division of Public Utilities, (801) 530-6879 – radavis@utah.gov.
