Application of Rocky Mountain Power to Establish Export Credits for Customer Generated Electricity	<u>DOCKET NO. 17-035-61</u> <u>ORDER GRANTING MOTION TO VACATE DEADLINES</u>
--	---

ISSUED: February 2, 2021

The PSC issued an Order on October 30, 2020 (“October Order”) that, among other things, adopted an export credit rate for customer generation under Schedule 137 and established a comment period (“Comment Period”) regarding the potential timing, procedure, and scope of annual updates to Schedule 137. The Comment Period set in the Order allowed for comments on or before February 8, 2021 and reply comments by March 22, 2021.

Later, on December 23, 2020, the PSC issued an Order on Agency Review or Rehearing and Notice of Virtual Scheduling Conference, granting rehearing on a narrow and specific set of enumerated issues (“Rehearing Issues”) the PSC decided in its October Order. After holding a scheduling conference, the PSC issued a Scheduling Order and Notice of Rehearing, setting a hearing on the Rehearing Issues on March 9, 2021.

On January 26, 2021, Rocky Mountain Power (RMP) filed a Motion to Vacate Comment Deadlines (“Motion”). RMP represents in the Motion that it “has provided a copy of this Motion to the Division of Public Utilities, the Office of Consumer Services, Utah Clean Energy, and Vote Solar, all of which have indicated that they do not oppose the [M]otion.” RMP represents the PSC’s determinations on the Rehearing Issues “could affect the parties’ position on the annual ECR update” and, therefore, requests the PSC vacate the Comment Period. RMP asks the PSC establish a new period for comments with respect to annual updates to Schedule 137 after the PSC issues an order disposing of the Rehearing Issues.

Based on RMP's representation that the Motion is unopposed and good cause otherwise appearing, the Motion is granted. The Comment Period is vacated; the PSC will establish a new comment period after it issues an order on the Rehearing Issues.
