Re: Docket No. 17-035-61 Phase II – *In the Matter of the Application of Rocky Mountain Power to Establish Export Credits for Customer Generated Electricity*

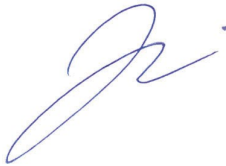

Dear Commissioners:

We represent Vote Solar in the above-captioned proceeding. We write to obtain guidance on how the Commission intends for the March 9, 2021 hearing to proceed. Specifically, we request that witnesses be permitted to provide brief (no more than ten minutes) opening statements to summarize their testimony before they are cross-examined.

We believe the opening statements will provide helpful context for the live testimony to follow and that this will allow sufficient time for all the parties to testify during the time allotted for the rehearing in this matter.

We thank the Commission for its consideration.

Sincerely,

Joshua Margolin
Counsel for Vote Solar
