| Application of Rocky Mountain Power to Establish Export Credits for Customer Generated Electricity | <u>DOCKET NO. 17-035-61</u> |
| | <u>NOTICE</u> |

ISSUED: March 3, 2021

On March 1, 2021, Vote Solar filed correspondence with the Public Service Commission (PSC), inquiring about witness testimony during the hearing presently noticed for March 9, 2021 (“Hearing”) in this docket. Specifically, Vote Solar requests the PSC permit witnesses to provide brief opening statements, not to exceed ten minutes, to summarize their testimony before cross-examination.

In response to Vote Solar’s inquiry, the PSC gives notice that it will permit all witnesses that submitted written sur-surrebuttal testimony to summarize their sur-surrebuttal testimony under oath during the Hearing and prior to their cross-examination. Provided the testimony is appropriately limited to the issues for which the PSC has granted rehearing,¹ the PSC will allow each of the witnesses at least ten minutes to provide their respective summaries. If a witness’s summary is overly redundant or outside the scope of issues on rehearing, the PSC may limit the duration of the witness’s testimony.

¹ See Order on Agency Review or Rehearing and Notice of Virtual Scheduling Conference issued December 23, 2020 at 9-10 (identifying and defining scope of issues on rehearing).
