Here is the latest motion. These are complementary service and not a waiver or other on my stand for jurisdiction for the corporate ghost/idol.

I filed a certificate with the above emails to show you got a copy. If you prefer a hard copy, please let me know. I have copied some of the exhibits from I7-035-62 and made reference to our conversational emails. I am thinking of copying them for court. If you want copies, please let me know otherwise my reference in the motions is assumed to be adequate.

I have copied some of the data filed with the public utilities com. Cindy Dumas said she sent you everything I filed. If she falsified, please let me know.
