BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH

In the Matter of: Application of Rocky Mountain Power for Approval of Power Purchase Agreement between PacifiCorp and Monticello Wind Farm, LLC

Docket No. 17-035-68

**MONTICELLO WIND FARM, LLC AND
ELLIS-HALL CONSULTANTS, LLC'S
JOINT PETITION FOR CONFIDENTIAL
TREATMENT OF DATA REQUEST
RESPONSES**

Pursuant to Utah Admin Rule R746-1-601(2)(a), Monticello Wind Farm, LLC (“MWF”) and Ellis-Hall Consultants, LLC (“EHC”) hereby jointly petition the Public Service Commission for an order deeming as confidential all responses to data requests relating to MWF’s PPA in this matter pursuant to -601(1)(c) and requiring MWF’s or EHC’s (collectively, “Movants”) written permission before publicly disclosing the information.

The basis for the claim is that Movants do not know and cannot be certain whether the exchanged data will include confidential or proprietary information, contain trade secrets, or

other privileged information, or if such information is, in fact, relevant to the adjudication of this matter until after it is transmitted and possibly disclosed.

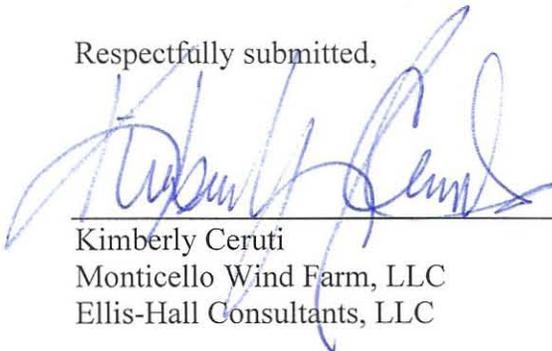

The specific, additional protective measure requested is that other parties' responses to data requests be treated confidentially pursuant to -601(1)(c) unless the Movants' permission is sought and obtained in writing.

This request is reasonable because it does not seek and will not stymie the exchange of information between the parties, Movants are unable to determine the confidential nature of the data requests responses until the information is disclosed, and because this petition is taken as a precautionary measure to mitigate possible future harm to Movants' information and competitive advantage.

WHEREFORE, for the reasons set forth above, the Public Service Commission of Utah should grant Movants' petition.

DATED this 30th day of January 2018.

Respectfully submitted,

Kimberly Ceruti
Monticello Wind Farm, LLC
Ellis-Hall Consultants, LLC
