Re: *Advice No. 17-01, In the Matter of Rocky Mountain Power's Proposed Tariff Revisions, Proposing to Update Index Sheet No. B.1; Docket No. 17-035-T01*

Dear Mr. Lively:

The Public Service Commission of Utah (PSC) reviewed the January 26, 2017 filing by PacifiCorp, dba Rocky Mountain Power, of proposed revisions to Index Sheet No. B.1 of its P.S.C.U. Tariff No. 50 (Tariff). The proposed Tariff revisions consist of the deletion of Schedule No. 195 Solar Incentive Program Cost Adjustment, and the addition of Schedule No. 196 Sustainable Transportation and Energy Plan (STEP) Cost Adjustment Pilot Program. PacifiCorp requests the Tariff take effect on January 1, 2017.

The PSC also reviewed the February 1, 2017 recommendation of the Division of Public Utilities (DPU) to approve the Tariff. The DPU concludes the filing is housekeeping in nature and was done to effectuate changes to the Index Sheet No. B.1 for Schedules Nos. 195 and 196.

Based on the PSC's review of PacifiCorp's filing, the comments of the DPU, and the lack of opposition in this docket, the PSC approves the modifications to Index Sheet No. B.1, effective January 1, 2017. We note our approval is consistent with our December 29, 2016 order in Docket No. 16-035-36.

Sincerely,

/s/ Gary L. Widerburg
