RE:           Advice 17-02/Docket No. 17-035-T02 – In the Matter of Rocky Mountain
              Power's Proposed Tariff Revisions to Electric Service Schedule No. 300,
              Regulation Charges

PacifiCorp submits these reply comments as provided for in the Public Service Commission of
Utah's February 3, 2017 Notice of Filing and Comment Period.  In its February 14, 2017
Comments, the Division of Public Utilities recommends that the Commission approve Rocky
Mountain Power's (the "Company's") filing in this matter, with the exception that the Company
amend the filing to reflect a March 1 effective date for this filing.  In subsequent years the DPU
supports the Company making this filing March 1 with an effective date of April 1.  The
Company does not object to this recommendation.  Accordingly, enclosed for filing is an original
and five (5) copies of revised tariff sheets reflecting these changes.  Pursuant to the requirement
of Rule R746-405-2(D), Rocky Mountain Power (the "Company") states that the proposed tariff
sheets do not constitute a violation of state law or Commission rule. The Company respectfully
requests an effective date of March 1, 2017, for the proposed tariff changes.

Third Revision of Sheet No. 300.2      Schedule 300            Regulation Charges

Rocky Mountain Power respectfully requests that all formal correspondence and requests for
additional information regarding this filing be addressed to the following:
