(6) TARIFF In the Matter of Rocky Mountain Power's Proposed Tariff Revisions to Electric Service Schedule No. 91, Surcharge to Fund Low Income Residential Lifeline Program

This is a request for the Division to provide analysis, evaluation results, and the basis for conclusions and recommendations regarding the following:

- Review Tariff Compliance

- Other – Explanation and Statement of Issues to be Addressed (See Below):

Please refer to cells N180:N196 of the tab labeled "Estimated Account Impact" of the "Surcharge Revision Workpapers" excel spreadsheet included in RMP's February 24, 2017 filing. It appears the formulas in these cells use an annual interest rate of 7.57% (i.e., 0.0063083 x 12) to determine the monthly interest charge for the months of October 2014 through February 2016.

Please include in your action request response an evaluation of whether the interest rate used in cells N180:N196 is consistent with the PSC's October 9, 2014 letter in Docket No. 13-035-190 and the RMP's "Exhibit B - Carrying Charges" filed on October 21, 2015 in Docket No. 15-035-69. If any change is necessary, please provide an updated spreadsheet.

- The Division shall respond consistent with the order or notice;
- The order or notice, including any deadlines, shall supersede and replace this action request; and
