RE: Docket 17-035-T03 – Proposed Revisions to Schedule 91, Surcharge To Fund Low
Income Residential Lifeline Program

On February 28, 2017 the Public Service Commission of Utah (“Commission”) issued a Notice of Filing and Comment Period in the above referenced matter. Pursuant to the Commission notice, the Division of Public Utilities (“DPU”) and the Office of Consumer Servicers (“OCS”) filed comments on March 16, 2017.

In their filed comments both the DPU and the OCS considered the Company’s use of a certain interest rate for a specified time frame included in the Company’s application, however both the DPU and OCS recommended that that the Commission approve the Company’s proposed revisions to Schedule 91, Surcharge To Fund Low Income Residential Lifeline Program. In its March 16, 2017 comments the OCS further recommended that the Commission order the Company to modify its filing using 5.20% as the interest rate for the specified time frame. Accordingly, the Company hereby modifies its filing by providing herein a revised tab entitled “Rev. Estimated Account Impact”. The original tab “Estimated Account Impact” has filed as part of the Surcharge Revision Workpapers in the Company’s February 24, 2017 filing.

With DPU and the OCS in support of the proposed revisions and the “Rev. Estimated Account Impact” tab provided herein, the Company respectfully requests the Commission approve the proposed revision to Schedule 91, Surcharge To Fund Low Income Residential Lifeline Program.

Rocky Mountain Power respectfully requests that all formal correspondence and requests for additional information regarding this filing be addressed to the following:
