Re: *Advice No. 17-04, Rocky Mountain Power's Proposed Tariff Revisions to Electric Service Schedule No. 140, Non-residential Energy Efficiency Program; Docket No. 17-035-T04*

Dear Mr. Lively:

The Public Service Commission of Utah (PSC) reviewed the February 27, 2017 filing by PacifiCorp, dba Rocky Mountain Power, of proposed revisions to Sheet Nos. 140.2, 140.9, 140.10, 140.11, 140.15, 140.25 and 140.26 of Electric Service Schedule No. 140, Non-Residential Energy Efficiency, of its P.S.C.U. Tariff No. 50 (Tariff). The proposed Tariff revisions modify PacifiCorp's Non-Residential Energy Efficiency Program by adding heating, venting, and air conditioning (HVAC) check-up incentives for existing rooftop units, expanding mid-market lighting incentive offerings, adding single package unitary commercial air conditioners to the mid-market offerings, and changing the prescriptive HVAC and food service measures. PacifiCorp requests an effective date of April 1, 2017 for these Tariff modifications.

The PSC also reviewed the comments of the Division of Public Utilities (DPU) and the Office of Consumer Services (OCS) filed on March 9 and 15, 2017, respectively. Both the DPU and the OCS recommend approval of the proposed Tariff changes provided that PacifiCorp correct the note attached to Table 14 HVAC on Sheet No. 140.26 pertaining to HVAC Check-up Incentives. On March 21, 2017, PacifiCorp filed a revised Sheet No. 140.26 addressing the DPU's and OCS's concerns.

Based on the PSC's review of PacifiCorp's filings and the DPU's and OCS's comments, the PSC approves the proposed modifications to Schedule No. 140 filed on February 27, 2017 and amended on March 21, 2017 effective April 1, 2017.

Sincerely,

/s/ Gary L. Widerburg
Commission Secretary
