Re: *Advice No. 17-07, Rocky Mountain Power's Proposed Changes to Schedule 140, Non-Residential Energy Efficiency Program; Docket No. 17-035-T04*

Dear Mr. Lively:

The Public Service Commission of Utah (PSC) reviewed the April 10, 2017 filing by PacifiCorp, dba Rocky Mountain Power, proposed changes to Sheet No. 140.9 of Electric Service Schedule No. 140, Non-Residential Energy Efficiency, of its P.S.C.U. Tariff No. 50 (Tariff). The proposed Tariff revisions correct an error from the previous Tariff change to PacifiCorp's Non-Residential Energy Efficiency Program filed by PacifiCorp in this docket on February 27, 2017 and approved by the PSC on March 28, 2017, by adding VRF Heat Pumps back into Table 3a. – HVAC Incentives. PacifiCorp requests an effective date of April 17, 2017 for this Tariff correction.

PacifiCorp represents it has discussed this issue with the Division of Public Utilities and Office of Consumer Services, and was authorized by both agencies to represent that each support this corrective action to Sheet 140.9 and both will forgo the opportunity to provide comments in an effort to facilitate an expeditious approval.

Based on the PSC's review of PacifiCorp's filings, and the DPU's and OCS's concurrence, the PSC approves the proposed correction to Schedule No. 140 Sheet No. 140.9 filed on April 10, 2017, effective April 17, 2017.

Sincerely,

/s/ Gary L. Widerburg
Commission Secretary
