Re: 17-035-T07, Schedule 37 Avoided Cost Purchases from QFs

In its January 23, 2018 Order in Docket No. 17-035-20018, the Public Service Commission (“Commission”) directed Rocky Mountain Power (“Company”) to calculate and file updated Schedule 37 avoided cost pricing within 30 days. In compliance with this Order, on February 23, 2018, the Company filed with Commission its updated Schedule 37 avoided cost pricing. The Company requested an effective date of March 1, 2018. On February 26, 2018, the Commission issued an Action Request asking the Division of Public Utilities (“Division”) to review tariff compliance and to report back as soon as possible.

In order for the Division to perform a thorough review of the filing, the Division is proposing to report back to the Commission on the above Action Request on March 7, 2018.
