Re: *Rocky Mountain Power's Proposed Tariff Revisions to Electric Service Schedule No. 140, Non-Residential Energy Efficiency Program; Advice No. 17-10, Docket No. 17-035-T09*

Dear Mr. Lively:

The Public Service Commission of Utah (PSC) reviewed the July 10, 2017 filing by PacifiCorp, doing business as Rocky Mountain Power (PacifiCorp), proposing changes to the lighting retrofit incentives administered through Electric Service Schedule No. 140, Non-Residential Energy Efficiency Program (Program). In support of the restructured lighting retrofit offering, PacifiCorp proposes changes to Sheet No. 140.4 of its Tariff P.S.C.U. No 50. The filing also proposes supporting administrative changes, including page renumbering, to Tariff Index Sheet No. B.1 and Sheet Nos. 140.5 through 140.26. The filing includes Exhibit B – Lighting System Retrofit Incentives Webpage Content Draft. PacifiCorp proposes an effective date of August 10, 2017 for these changes.

The PSC also reviewed the July 26, 2017 comments of both the Division of Public Utilities (DPU) and the Office of Consumer Services (OCS). The DPU concludes the proposed changes to the Program appear to be cost-effective and consistent with the PSC's goals to promote cost-effective demand side management programs. Therefore, the DPU recommends the PSC approve the proposed modifications to Schedule No. 140. The OCS agrees that the proposed changes to Schedule No. 140 should result in energy savings and increased opportunities for non-residential customers to benefit from newer lighting technologies. Accordingly, the OCS recommends the PSC approve the proposed changes to Schedule No. 140.

Tariff Approval Letter from the PSC

Docket No. 17-035-T09

Page 2

Based on the PSC's review of PacifiCorp's filing and the DPU's and OCS's recommendations, the proposed revisions to Schedule No. 140 and Tariff Index Sheet B.1 are approved as filed, effective August 10, 2017.

Sincerely,

/s/ Gary L. Widerburg

Commission Secretary
