Re: *Rocky Mountain Power's Service Quality Review Report*; Docket No. 18-035-17

Dear Ms. Saba:

The Public Service Commission of Utah (PSC) reviewed PacifiCorp's, dba Rocky Mountain Power (PacifiCorp), January 1 - June 30, 2018 Service Quality Review Report (Report) filed on October 29, 2018. The PSC also reviewed the November 27, 2018 action request response from the Division of Public Utilities (DPU), detailing its review of the Report.

The DPU concludes the Report complies with the PSC's June 11, 2009 Order in Docket No. 08-035-55 and the December 20, 2016 Order in Docket Nos. 13-035-01 and 15-035-72. Similarly, the DPU states the Report complies with the requirements of Rule R746-313. The DPU recommends the PSC acknowledge the Report.

Regarding fire mitigation planning, the DPU supports PacifiCorp's request for the PSC to schedule a technical conference to discuss emergency response planning for fire risks, including the impacts of proactive de-energization.

The PSC acknowledges the Report as satisfying the reporting requirements identified by the DPU. The PSC will schedule a technical conference as requested by PacifiCorp and supported by the DPU as soon as practicable.

Sincerely,

/s/ Gary L. Widerburg
PSC Secretary
