Commission Secretary

Re: **Advice No. 18-04**  
**Docket No. 18-035-T04**  
Rocky Mountain Power's Proposed Tariff Revisions to Electric Service Regulation Nos. 4 (Supply and Use of Service), 5 (Customer's Installation), 7 (Metering), 9 (Deposits), 10 (Termination of Service and Deferred Payment Agreement), 12 (Line Extensions), and Electric Service Schedule No. 300 (Regulation Charges)  
*Correction to Compliance Filing*

On January 30, 2019, PacifiCorp d.b.a Rocky Mountain Power ("Company") filed a compliance filing in the above referenced docket to effectuate the tariff changes approved by the Public Service Commission of Utah ("Commission") in an order issued on January 15, 2019. In its review of the Company's compliance filing, the Commission issued a letter on February 14, 2019, notifying the Company that the Second Revision of Sheet No. 12R.14 did not fully capture the Commission's January 15, 2019 order. As requested by the Commission in the letter, the Company submits a corrected version of the Second Revision of Sheet No. 12R.14.

Enclosed for filing is a tariff page associated with Tariff P.S.C.U No. 50 applicable to electric service in the State of Utah. Pursuant to the requirement of Rule R746-405-2(D), PacifiCorp ("Company") states that the proposed tariff sheet does not constitute a violation of state law or Commission rule.

Second Revision of Sheet No. 12R.14	Electric Service Regulation No. 12	Line Extensions

## Proposed Tariff Sheet

**ELECTRIC SERVICE REGULATION NO. 12 - Continued**

**5. EXTENSION EXCEPTIONS (continued)**

**(b) Deduct Service**

The Company may, in lieu of a Line Extension, provide service to a new Customer (Deduct Customer) through utilization of the electrical facilities owned, operated and maintained by an existing Customer (Facilities Owner) provided that the Deduct Customer, the Facilities Owner and the Company each agree with the service arrangement and enter into a written agreement, referred to as a deduct agreement, that specifies the terms of the service delivery and is consistent with the terms of this Subsection b.

Beginning January 16, 2019, new Deduct Service installations are only allowed where the Facilities Owner provides service to the Deduct Customer at or below 34.5 kV, and only:

1. As a temporary expediency to provide service for five years or less; or
2. In Remote Service locations where the length of a Line Extension from the Company to the Deduct Customer will exceed one mile and the cost will exceed seven times the Deduct Customer's estimated annual revenue.

The Deduct Customer shall bear the risk that it may be unable to obtain service in the event the deduct agreement is terminated, service to the Facilities Owner is terminated, or the Facilities Owner is unable to provide service through use of its electrical facilities for any reason. In the event the Deduct Customer is no longer able to obtain deduct service, and/or at the expiration of the five-year temporary period, the Deduct Customer may reinstate service in accordance with the provisions of a Line Extension as provided in this Regulation.

The Deduct Customer will be billed by a separate meter on a retail rate schedule applicable to the service the Deduct Customer is receiving. The Deduct Customer shall construct, own, operate and maintain: all equipment necessary to receive service from the electrical facilities owned by the Facilities Owner; a Company approved metering point; and communication for remote meter reading. The deduct-meter will be Company owned using an approved revenue metering package.

With the addition of the Deduct Customer, the Facilities Owner's meter measures the usage of both of them, thus is a master meter. The Facilities Owner's usage shall be calculated by subtracting the Deduct Customer's usage from the Facilities Owner's usage as metered by the master meter. Under no circumstances is the Facilities Owner to sub-meter or otherwise charge the Deduct Customer for the electrical energy delivered through the Facilities Owners facilities, or for any other charge that is based on the amount of the Deduct Customer's energy use. However the Facilities Owner may enter into a maintenance agreement with the Deduct Customer for its reasonable costs incurred to maintain the electrical facilities used to deliver service to the Deduct

**5. EXTENSION EXCEPTIONS (continued)**

**(b) Deduct Service**

The Company may, in lieu of a Line Extension, provide service to a new Customer (Deduct Customer) through utilization of the electrical facilities owned, operated and maintained by an existing Customer (Facilities Owner) provided that the Deduct Customer, the Facilities Owner and the Company each agree with the service arrangement and enter into a written agreement, referred to as a deduct agreement, that specifies the terms of the service delivery and is consistent with the terms of this Subsection b.

Beginning January 16, 2019, new Deduct Service installations are only allowed where the Facilities Owner provides service to the Deduct Customer at or below 34.5 kV, and only:

1. As a temporary expediency to provide service for five years or less; or
2. In Remote Service locations where the length of a Line Extension from the Company to the Deduct Customer will exceed one mile and the cost will exceed seven times the Deduct Customer's estimated annual revenue.

The Deduct Customer shall bear the risk that it may be unable to obtain service in the event the deduct agreement is terminated, service to the Facilities Owner is terminated, or the Facilities Owner is unable to provide service through use of its electrical facilities for any reason. In the event the Deduct Customer is no longer able to obtain deduct service, and/or at the expiration of the five-year temporary period, the Deduct Customer may reinstate service in accordance with the provisions of a Line Extension as provided in this Regulation.

The Deduct Customer will be billed by a separate meter on a retail rate schedule applicable to the service the Deduct Customer is receiving. The Deduct Customer shall construct, own, operate and maintain: all equipment necessary to receive service from the electrical facilities owned by the Facilities Owner; a Company approved metering point; and communication for remote meter reading. The deduct-meter will be Company owned using an approved revenue metering package.

With the addition of the Deduct Customer, the Facilities Owner's meter measures the usage of both of them, thus is a master meter. The Facilities Owner's usage shall be calculated by subtracting the Deduct Customer's usage from the Facilities Owner's usage as metered by the master meter. Under no circumstances is the Facilities Owner to sub-meter or otherwise charge the Deduct Customer for the electrical energy delivered through the Facilities Owners facilities, or for any other charge that is based on the amount of the Deduct Customer's energy use. However the Facilities Owner may enter into a maintenance agreement with the Deduct Customer for its reasonable costs incurred to maintain the electrical facilities used to deliver service to the Deduct Customer.
