

June 8, 2018

Utah Public Service Commission
Heber M. Wells Building
160 East 300 South
Salt Lake City, Utah 84145-0807

To whom it may concern:

Enclosed you will find three new additional rate tariffs to Dixie Power's retail electric rates. These rates were approved by the Board of Directors on May 3, 2018, and notice was mailed to all consumers on May 20, 2018. These rate additions were presented at member meetings on June 5, 2018, at the Elementary School in Beryl, Utah and on June 6th, 2018 at the Dixie Center in St. George, Utah.

The effective date of the new rates is August 1, 2018; The Distributed Generation rate is to replace the net metering rate to conform to industry changes. The High Density and Industrial rates are to cover potential customers that are unwilling to sign power supply contracts.

If you have further questions, please call me at (435) 439-5311. Also, if you will e-mail me at ladell@dixiepower.com I will send you an electronic version of these rates.

Sincerely;

DIXIE ESCALANTE RURAL ELECTRIC ASSN.
