Docket No. 19-035-14 and
Rocky Mountain Power's 2019 Annual Report of the Blue Sky Program;
Docket No. 20-035-16

Dear Mr. Ngai:

I am providing the following information in response to your April 20, 2020 e-mail request for information. PacifiCorp does business in Utah as Rocky Mountain Power (RMP). The Public Service Commission of Utah (PSC) approved RMP's Blue Sky program and requires RMP to file an annual report on the Blue Sky program. This report is reviewed by the Division of Public Utilities (DPU), a state agency, and other interested parties. RMP's 2018 Annual Report of the Blue Sky Program for the period of January 1 through December 31, 2018 (filed on March 29, 2019), the DPU comments on the 2018 Annual Report, RMP's reply comments, the PSC's letter acknowledging the 2018 Annual Report, and the DPU's review and audit of RMP's 2018 Blue Sky program dated August 5, 2019 can be found at the following link:

<https://psc.utah.gov/2019/03/29/docket-no-19-035-14/>

In its comments on the 2018 Annual Report of the Blue Sky Program, DPU stated the 2018 Annual Report "substantially complies with [PSC] Orders and adheres to the [PSC]'s reporting requirements. [DPU] recommends [RMP] provide the number of project applications received and rejected prior to the [PSC] acknowledging [RMP]'s 2018 Blue Sky Annual Report." On May 14, 2019, RMP filed the requested information and on May 15, 2019, the PSC acknowledged the Updated Report as complying with the PSC reporting requirements. In the August 5, 2019 comments accompanying DPU's 2018 Audit Report of RMP's Blue Sky Program, DPU stated "During the [DPU]'s review we found [RMP] to be in general compliance with the rules and regulations set forth by the [PSC]. It appears the program follows good business practices and is using accounting and controls that are adequate and practical."
