Re: *Rocky Mountain Power's Second Annual Sustainable Transportation and Energy Plan Act ("STEP") Program Status Report; Docket No. 19-035-17*

Dear Ms. Saba:

The Public Service Commission (PSC) reviewed Rocky Mountain Power's (RMP) April 30, 2019 filing of its Second Annual Sustainable Transportation and Energy Plan Act ("STEP") Program Status Report ("Report") and its updated page 1.0 and Table 2 filed July 22, 2019. The PSC also reviewed the July 3, 2019 comments filed by the Division of Public Utilities (DPU) and the Office of Consumer Services (OCS).

The DPU concluded the Report followed the PSC's Order issued on August 3, 2018, in Docket No. 18-035-16,<sup>1</sup> for additional reporting requirements and recommends the PSC acknowledge it. The DPU requested RMP file an update to certain STEP and Utah Solar Incentive Program information. The OCS requested RMP provide certain clarifications to Table 2, Individual Project Detail, and other accounting and program-specific information going forward. On July 22, 2019, RMP filed reply comments including the requested updated information.

Based on the PSC's review of the Report, the DPU's and OCS's comments, and RMP's reply comments, the PSC acknowledges the Report as complying with PSC reporting requirements. The PSC expects RMP will continue to provide the information requested by the DPU and the OCS in future STEP reports.

Sincerely,

/s/ Gary L. Widerburg  
PSC Secretary
