Southwest Energy Efficiency Project’s  
Petition for Leave to Intervene**

---

Pursuant to Utah Code Ann. § 63G-4-207 and Rule R746-1-108, petitioner Southwest Energy Efficiency Project (“Petitioner” or “SWEEP”) hereby petitions for leave to intervene in this docket.

In support of this petition, Petitioner states as follows:

1. SWEEP is a regional public interest organization working to advance more efficient energy use in Utah and nearby states. Our work includes encouraging cost-effective energy efficiency policies and programs.

2. As an advocate for greater energy efficiency and conservation, SWEEP’s legal rights and interests may be substantially affected by this proceeding because it may result in long-term changes to non-residential energy efficiency programs in Utah.

3. SWEEP has not fully determined specific positions it will take or the relief it will seek. SWEEP seeks to intervene for purposes of protecting its interests as they arise.

4. The interests of justice and the orderly and prompt conduct of this proceeding will not be materially impaired by allowing SWEEP to intervene.

5. If SWEEP is granted leave to intervene in this proceeding, notices should be sent to the following:
