Re: *Corrected Advice Letter No. 19-08, Rocky Mountain Power's Proposed Tariff Revisions to Electric Service Schedule No. 37, Avoided Cost Purchases from Qualifying Facilities; Docket No. 19-035-T07*

Dear Ms. Saba:

The Public Service Commission (PSC) reviewed the June 24, 2019 filing ("Corrected Filing") by Rocky Mountain Power (RMP) informing the PSC that it inadvertently excluded 2019 avoided cost prices in its 2019 revisions to Electric Service Schedule No. 37, Avoided Cost Purchases from Qualifying Facilities ("Schedule 37") approved in the PSC's June 11, 2019 Order in this docket. In the Corrected Filing, RMP provides revised Sheet Nos. 37.4 through 37.7 that include non-levelized avoided cost prices for calendar year 2019 for all resource types as well as necessary tariff sheet administrative changes. RMP proposes an effective date of July 31, 2019 for the tariff changes.

The PSC also reviewed the July 9, 2019 comments filed by the Division of Public Utilities (DPU). The DPU concludes RMP's Corrected Filing and updated avoided cost calculations are consistent with the PSC's approved method for determining Schedule 37 avoided cost prices. The DPU recommends the PSC acknowledge RMP's Corrected Filing.

Based on the PSC's review of RMP's Corrected Filing and the recommendations of the DPU, the changes to Schedule 37 Sheet Nos. 37.4 through 37.7 are approved as filed on June 24, 2019, effective July 31, 2019.

Sincerely,

/s/ Gary L. Widerburg
