The notice for this morning's hearing indicated: "Individuals who are not parties and do not intend to speak at the hearing may listen to the proceedings, which will be streamed and accessible at the Public Service Commission's (PSC) website, psc.utah.gov."

Unfortunately, that streaming is not going to be possible today. The bridge number also listed in the notice still will be available to anyone who wants to listen. Everyone calling in should keep their phone on mute when not speaking. Additionally, a court reporter will be on the call, and a transcript of the hearing will be posted to the docket as soon as it is available.

I apologize for any inconvenience to anyone who was intending to listen to this morning's hearing.

Thad LeVar
Chair, Utility Facility Review Board
