Dear Public Service Commission,

As a customer of Rocky Mountain Power, I urge you to support the Office of Consumer Service's position in Docket 20-035-04 to reduce rates for Utah customers rather than increase them as proposed by the utility. The Office has shown that by reducing the amount of profit and employing less costly debt and equity ratios, Rocky Mountain Power could nearly eliminate the entire need for a rate increase.

Thank you for your consideration of Utahns who are deeply impacted by this proposed increase and I urge you to support lower rates for Utah customers.

Sincerely,

Dr. Barbara Stone

Dear Public Service Commission,

My husband and I are retired and have limited and fixed income. Any rate hikes from any of our utilities puts us in a position of having to choose between those services and our prescriptions and food. Please do not raise rates!

Sincerely,

Mrs. Gaylene Vernieuw
