

## Battery Energy Storage Specification Outline

**(DRAFT 04-07-20)**

1. OUTLINE OF WORK
  - 1.1. GENERAL
  - 1.2. DEFINITIONS AND ABBREVIATIONS
2. PREFERRED USE CASES
  - 2.1. GENERAL
    - 2.1.1. Frequency Regulation
    - 2.1.2. Voltage Support
    - 2.1.3. Energy Shifting
    - 2.1.4. T&D Deferral
    - 2.1.5. Other
  - 2.2. BIDDER RESPONSIBILITIES
  - 2.3. CONDITIONS OF SERVICES
3. STUDIES
  - 3.1. GROUNDING SYSTEM STUDY
  - 3.2. ELECTRICAL SYSTEM STUDIES
  - 3.3. REQUIRED DYNAMIC MODELS
    - 3.3.1. Frequency Models
    - 3.3.2. Model Inputs
  - 3.4. ELECTRICAL DESIGN PARAMETERS
    - 3.4.1. Grounding
    - 3.4.2. Control and Instrumentation Cabling
  - 3.5. PERMITTING
  - 3.6. AUDIBLE NOISE
    - 3.6.1. Compliance Measurements
  - 3.7. BROADBAND INTERFERENCE
    - 3.7.1. Radio Interference
    - 3.7.2. Television Interference
    - 3.7.3. Wireless Communication Interference
    - 3.7.4. Microwave Interference
    - 3.7.5. Compliance Measurements
4. DESIGN, FABRICATION AND CONSTRUCTION REQUIREMENTS
  - 4.1. GENERAL
  - 4.2. BUILDINGS, STRUCTURES AND SYSTEMS
    - 4.2.1. Engineering Services
    - 4.2.2. Construction Services
    - 4.2.3. Quality Assurance/Quality Control Requirements
  - 4.3. STORAGE OF MATERIALS AND EQUIPMENT
  - 4.4. EQUIPMENT
  - 4.5. POWER CONVERSION SYSTEM (PCS)
    - 4.5.1. PCS Requirements

- 4.5.2. Interference and Harmonic Suppression
- 4.5.3. PCS Cooling System
- 4.6. STEP-UP TRANSFORMERS
- 4.7. REVENUE METER
- 4.8. PROJECT SWITCHGEAR
- 4.9. PROTECTION REQUIREMENTS
- 4.10. AUXILIARY POWER
- 4.11. CIVIL/STRUCTURAL
  - 4.11.1. Geotechnical Analysis
  - 4.11.2. Environmental Loads
  - 4.11.3. Excavation
  - 4.11.4. Construction Surveying
  - 4.11.5. Fills
  - 4.11.6. Fencing
  - 4.11.7. Equipment Pads
  - 4.11.8. Foundations and Concrete Work
  - 4.11.9. Corrosion Protection
  - 4.11.10. Erosion Control
  - 4.11.11. Grading and Drainage
  - 4.11.12. Dust Control
  - 4.11.13. Site Finish Grade
  - 4.11.14. Construction Signage
  - 4.11.15. Human Access
- 4.12. MECHANICAL
  - 4.12.1. HVAC / Thermal Management
- 4.13. SAFETY AND PROJECT SECURITY
  - 4.13.1. Fire Protection and Suppression
    - 4.13.1.1. Fire Separation
    - 4.13.1.2. Fire Suppression Systems
    - 4.13.1.3. Fire Detection and Alarm Systems
    - 4.13.1.4. Portable Fire Extinguishers
    - 4.13.1.5. Testing
    - 4.13.1.6. Operation and Maintenance of Fire Protection Systems
  - 4.13.2. Project Security
    - 4.13.2.1. Security System Installation
    - 4.13.2.2. Security System Components
    - 4.13.2.3. Security Software
- 4.14. PLUMBING
  - 4.14.1. Potable Water Source
  - 4.14.2. Drainage Systems
- 4.15. TOXIC MATERIALS
- 4.16. SPARE PARTS AND EQUIPMENT
- 4.17. PROJECT ACCESS
  - 4.17.1. Construction Access

- 4.17.2. Site Access
    - 4.17.3. Onsite Roads
  - 4.18. SIGNAGE AND LABELING
  - 4.19. SURGE AND LIGHTNING PROTECTION
    - 4.19.1. Surge Protection
      - 4.19.1.1. SPDs for PV DC Power Circuits
      - 4.19.1.2. SPDs Applied on AC Power Circuits
      - 4.19.1.3. SPDs for Measurement, Control, Instrumentation, and Communications Circuits
    - 4.19.2. External Lightning Protection System (LPS)
  - 4.20. DESIGN PACKAGE
    - 4.20.1. Engineering Design Package
    - 4.20.2. Maintainability
    - 4.20.3. Operability and Safety
- 5. BESS FACILITY INFORMATION
  - 5.1. BESS TECHNICAL OBJECTIVES
    - 5.1.1. Primary Objectives
    - 5.1.2. Secondary Objectives
  - 5.2. BESS AVAILABILITY
    - 5.2.1. BESS Definitions
    - 5.2.2. Acceptance
    - 5.2.3. Availability Guarantee
  - 5.3. BESS PERFORMANCE GUARANTEE
  - 5.4. BESS LIFE EXPECTANCY WARRANTY
    - 5.4.1. Degradation
    - 5.4.2. Augmentation
  - 5.5. BESS POWER AND ENERGY RATINGS
    - 5.5.1. Overload Capability
  - 5.6. BESS OPERATION
    - 5.6.1. Real Power Controls
    - 5.6.2. Reactive Power Controls
    - 5.6.3. Miscellaneous and Support Functions
    - 5.6.4. Charge Rate
    - 5.6.5. VAR Support
    - 5.6.6. Charging
    - 5.6.7. Shutdown
    - 5.6.8. Disconnect
    - 5.6.9. Operate
    - 5.6.10. Specific Operational Requirements
    - 5.6.11. Small Generation Interconnection Agreement Requirements
  - 5.7. BESS ELECTRICAL SYSTEMS
    - 5.7.1. BESS AC System
  - 5.8. BESS ENCLOSURE
    - 5.8.1. Building-Based
    - 5.8.2. Container-Based

- 5.9. OTHER BESS FACILITY DESIGN REQUIREMENTS
  - 5.9.1. Hydrogen Mitigation
  - 5.9.2. Emission Mitigation
  - 5.9.3. Electrolyte Spill Containment
  - 5.9.4. Painting
- 6. HYBRID SYSTEMS
  - 6.1. WIND (reference other specs)
  - 6.2. SOLAR (reference other specs)
  - 6.3. INTEGRATION
- 7. SUPERVISORY CONTROL AND DATA ACQUISITION (SCADA)
  - 7.1. INTEGRATED AUTOMATION EQUIPMENT
    - 7.1.1. Network Devices
      - 7.1.1.1. Network Servers
      - 7.1.1.2. Routers, Switches, and Modems
      - 7.1.1.3. Operator Workstations
    - 7.1.2. Control and Monitoring Network
      - 7.1.2.1. Supervisory Control
      - 7.1.2.2. Integration Panels
      - 7.1.2.3. Interoperability
    - 7.1.3. Local Control
      - 7.1.3.1. Remote Control
      - 7.1.3.2. Application-Specific Control Panels
    - 7.1.4. Integrated Automation Controls
      - 7.1.4.1. Control of Fire-Suppression Systems
      - 7.1.4.2. Control of HVAC Systems
      - 7.1.4.3. Control of Electrical Systems
  - 7.2. INSTRUMENTATION
  - 7.3. GENERAL SCADA REQUIREMENTS
    - 7.3.1. Division of Responsibility
  - 7.4. BESS AND PV SCADA CONTROLS
- 8. TESTING AND START-UP
  - 8.1. GENERAL
  - 8.2. TESTS
  - 8.3. FACTORY TESTING OF THE BATTERY/CELLS
  - 8.4. FACTORY TESTING OF THE PCS
  - 8.5. ACCEPTANCE AND PERFORMANCE TESTING
    - 8.5.1. Function Verification
    - 8.5.2. Performance Verification
    - 8.5.3. Actual Operating Experience
    - 8.5.4. Other Compliance Tests
  - 8.6. COMMISSIONING AND STARTUP
  - 8.7. SYNCHRONIZATION PROCEDURES AND REQUIREMENTS
  - 8.8. MECHANICAL AND ELECTRICAL COMPLETION
  - 8.9. CAPACITY TEST PROCEDURE

- 9. MAINTENANCE
  - 9.1. GENERAL
  - 9.2. PERIOD OF PERFORMANCE
  - 9.3. MAINTENANCE PRIOR TO ACCEPTANCE
- 10. TRAINING AND TOOLS
  - 10.1. GENERAL
  - 10.2. OPERATOR TRAINING
  - 10.3. MAINTENANCE TRAINING
  - 10.4. TOOLS AND EQUIPMENT
  - 10.5. O&M DOCUMENTATION
  - 10.6. O&M MANUALS
- 11. CODES AND STANDARDS
- 12. LIFE CYCLE EVALUATION
  - 12.1. GENERAL

REFERENCE OWNER'S STANDARDS
