Re: *Rocky Mountain Power's Customer Owned Generation and Net Metering Report for the Period April 1, 2019 through March 31, 2020; Docket No. 20-035-32*

Dear Ms. Saba:

The Public Service Commission (PSC) reviewed the Customer Owned Generation and Net Metering Report for the Period April 1, 2019 through March 31, 2020 ("Report") and Attachments A, B, and C filed by Rocky Mountain Power (RMP) on July 1, 2020. The PSC also reviewed RMP's August 20, 2020 Reply Comments. The Report was filed pursuant to the PSC's Order Approving Tariff with Certain Conditions dated June 13, 2008, in Docket No. 08-035-T04 ("Order") and Utah Admin. Code R746-312-16(2). The Order and associated rule require RMP to provide the PSC an annual report containing certain information about net metering and customer generation interconnections.

DPU recommended the PSC acknowledge the Report as complying with the Order and associated rule conditioned upon RMP providing revised Attachments A, B, and C correcting minor errors identified by DPU. In its reply comments, RMP submitted revised attachments with the recommended corrections.

Based on the PSC's review of the Report and on DPU's comments and recommendation, the PSC acknowledges the Report as complying with the relevant reporting requirements.

Sincerely,

/s/ Gary L. Widerburg  
PSC Secretary
