

- BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH -

Application of Rocky Mountain Power for Approval of its Electric Vehicle Infrastructure Program	<u>DOCKET NO. 20-035-34</u> <u>ORDER GRANTING INTERVENTION</u>
---	---

ISSUED: September 24, 2021

On September 2, 2021, Western Resource Advocates (WRA) petitioned for leave to intervene in this docket. In opposition to Rocky Mountain Power's August 23, 2021 Motion for Protective Order ("Motion"), WRA filed a response, recommending the Public Service Commission (PSC) deny the Motion to the extent it denies access to confidential information to WRA's counsel and representatives.

Because no party has objected to the petition and good cause otherwise appears to exist, the PSC will grant intervention subject to our forthcoming order in this docket regarding the treatment of confidential material. Intervention is conditioned upon the intervenor's representatives participating in this matter adhering to the Utah Standards of Professionalism and Civility adopted by the Utah Supreme Court October 16, 2003. (These may be reviewed at internet web address <http://www.utcourts.gov/courts/sup/civility.htm> or a copy obtained by request made to the PSC.)

The PSC may condition intervenor's participation in these proceedings based upon such factors as whether intervenor is directly and adversely impacted by issues raised in the proceedings; whether intervenor's interests are adequately represented by another party; the number of persons seeking intervention or already intervened; and how intervenor's participation will affect the just, orderly and prompt conduct of the proceedings.
