DEBORAH KAPILOFF
EDUCATIONAL AND PROFESSIONAL SUMMARY

- Address:** Western Resource Advocates
2600 Baseline Road, Suite 200
Boulder, Colorado 80305
- Position:** **Transportation Electrification Policy Analyst,**
Clean Energy Program
- Education:** Bachelor of Arts, Political Science and Environmental Studies, Concentration
in Social Science, St. Olaf College, Northfield, MN, May 2020
- Experience:** Western Resource Advocates, Clean Energy Program
Transportation Electrification Policy Analyst, June 2020 – present
- My role is to research, develop and advocate for policies and mechanisms to promote transportation electrification and greenhouse gas emission reductions from the transportation sector in the Interior West. This involves representing WRA in regulatory, legislative, and other policy forums and analyzing transportation electrification policies in order to understand their overall feasibility, emission reduction potential, and impact on the electricity grid.
- Regional Markets Intern,** Western Resource Advocates, Salt Lake City, UT
November 2020 - June 2021
- Wrote a policy paper detailing best practices and considerations for greenhouse accounting in the West based on my research into how state climate goals and emissions reductions commitments can be accommodated in regional wholesale electricity markets through robust greenhouse gas accounting.
- Research Intern,** Zero Emission Resource Organization, Oslo, Norway
January - February 2020
- Waste to Wealth Intern,** Institute for Local Self-Reliance, Washington, D.C.
June 2019 - August 2019
- Svoboda Legal Scholar,** Mitchell Hamline School of Law, Saint Paul, MN
June 2018 - August 2018
